- (a) Purpose. The city's parks and park facilities were not designed for unlimited overnight use. The unlimited use of city parks after hours of operation, such as for camping or storage of personal property, interferes with the rights of others to use the parks for the recreational, leisure and environmental purposes for which they were intended. The purpose of this section is to allow the city's parks to be maintained in a clean and accessible condition and to protect the health, safety and welfare of the city and its residents, while recognizing that infrequent overnight use, subject to reasonable conditions, can be beneficial to the recreational, cultural or educational needs of the community.
- (b) For purpose of this section, overnight use shall mean remaining in or being in a park during hours when the park is not open for operation. Overnight use does not include storage of equipment, vehicles, or buildings or structures as defined in chapter 134 of this Code, which:

Overnight use shall be allowed only by permit issued by the director. No more than ten (10) days of overnight use per calendar year per park shall be allowed. No person shall be permitted overnight use of a city park for more than three (3) days per calendar year per park, unless permitted by the city manager for a compelling recreational, cultural or educational need of the community. Commercially manufactured tents designed for no more than eight (8) persons may be permitted with overnight use of

a park, although no other buildings or structures as defined in chapter 134 of this Code or which are regulated by chapters 26 or 42 of this Code shall be allowed for overnight use.

- (d) Overnight use of the cabins at Ewing Park shall be exempt from the calendar year day limits of this section.
- (e) Overnight use of the parks for city sponsored or hosted events, activities, and programs shall be exempt from the requirements of this section.
- (f) Moorage at the Birdland Marina pursuant to a rental agreement shall be exempt from the requirements of this section.

**Sec. 74-102. Signage in parks and land and facilities managed by the parks and recreation department.**

Only signs which are city signs, or sponsorship or donor signage authorized by an agreement with the city, are permitted in city parks and land and facilities managed by the parks and recreation department. Such signs shall be deemed to be city signs and are under the control of the parks and recreation department. Temporary signage in connection with an event during the time of the event may be permitted by the director of parks and recreation.

  - (3) persons with mobility disabilities using manually operated or power-driven wheelchairs and manually powered mobility aids for the purpose of locomotion;
  - (4) persons with mobility disabilities using an other power-driven mobility device for the purpose of locomotion, as provided in 28 CFR 35;
  - (5) official emergency vehicles and authorized maintenance vehicles as necessary to perform the duties of the operator.

- (c) **Uses Not Permitted.** Except as otherwise provided, the following uses are not permitted on multi-use recreational trails:
  - (1) motorized vehicles, except where the trail utilizes an existing road, street or highway;
  - (2) equestrian uses;
  - (3) skateboards are not permitted on the portions of trails that utilize an existing road, street or highway.
- (d) **Hours of Permitted Use.** Multi-use recreational trails shall be open for use by the public for recreation and transportation at all times, except for the following:
  - (1) hours of use of sections of trails may be limited by the parks and recreation director;
  - (2) sections of trails may be closed temporarily in emergency situations by the parks and recreation director.
- (e) **Official Signs.** Every user of a recreational trail shall observe and obey any and all official signs posted along a recreational trail, including, but not limited to, speed limits, hours of use, stop signs, yield signs and trail closure.
- (f) **Reasonable Speed.** Each person using the trail shall travel at a speed that is reasonable and prudent under the conditions then existing and shall not travel in such a manner as to constitute a willful or wanton disregard for the safety of persons or property.

**Sec. 74-111. Smoking Prohibited.**

- (a) No person shall smoke upon the premises of any city park or recreation facility property, including sports facilities, golf courses, trails and community recreation centers.
- (b) No person shall smoke within 25 feet of the entrance to any city park or recreation facility property. For purposes of this section "smoke" or "smoking" means to carry or exercise control over a lighted cigar, cigarette, pipe, or other lighted smoking equipment.
- (c) No person shall use tobacco of any kind upon the premises of any city or recreation facility property, including sports facilities, golf courses, trails and community recreation centers. "Tobacco" means any product made or derived from tobacco that is intended for human use, including both cigarettes and tobacco products as both are defined in Iowa Code Section 453A.1, and also including any kind of vapor product as defined in Iowa Code Section 453A.1 or any kind of electronic smoking device. "Electronic smoking devices" means any device that can be used to deliver an aerosolized solution that may or may not contain nicotine to the person inhaling from the device, including, but not limited to, an e-cigarette, e-cigar, e-pipe, vape pen, e-hookah, or other simulated smoking device. Nicotine products approved by the United States Food and Drug Administration for tobacco cessation shall be allowed in or on park property.
- (d) This section does not apply to the Botanical Garden, Zoo or Principal Park.

**Sec. 74-112. Sledding, ice skating and cross-country skiing at parks and golf courses.**

- (a) The city council finds that:
  - (1) sledding in city parks and in designated areas in municipal golf courses ("sledding"); and

- (2) skating on designated ponds in city parks and on man-made, temporary ice surfaces created by or under the authority of the parks and recreation department ("temporary ice rinks") in municipal golf courses or city parks ("ice skating"); and
- (3) cross-country skiing in designated areas in municipal golf courses and in parks ("cross-country skiing")

are valuable, family friendly activities and are favored by considerations of social policy. The city council further finds that the parks and recreation department budget does not contain sufficient funds to provide for supervision or inspection or grooming of sledding hills in city parks and golf courses, ponds and temporary ice rinks in parks and municipal golf courses for ice skating, and cross-country skiing trails in municipal golf courses and parks. As a result of the inability to supervise or groom the sledding hills, skating ponds and temporary ice surfaces and cross-country skiing trails, such surfaces are uneven and may contain bumps, dips, ramps, ice, or thinning ice, trees and other hard and fixed objects in close proximity to a sledding or ice skating or skiing area and other dangers associated with numerous people utilizing various devices to proceed rapidly down icy or snowy inclines and enjoying various forms of recreational skating activities and cross-country skiing. As sledding, ice skating and cross-country skiing can be dangerous activities, the city council finds that persons desiring to sled in city parks or golf courses and to skate on ponds in city parks or temporary ice rinks, and to cross-country ski in municipal golf courses and parks have the obligation to inspect the sledding, ice skating, and skiing area conditions prior to using such areas. In balancing the social policies favoring family friendly but potentially dangerous sledding, ice skating and cross-country skiing activities and the economic policies which prevent the city from supervising or inspecting or grooming such surfaces and areas, the city council finds that:

- (1) sledding is allowed in areas and during times designated by the parks and recreation director at municipal golf courses or parks designated by the director;
  - (2) ice skating is allowed at temporary ice rinks designated by the parks and recreation director at municipal golf courses designated by the director during times designated by the director and at ponds within parks designated by the director during times designated by the director;
  - (3) cross-country skiing is allowed at municipal golf courses designated by the park and recreation director, except on tees and greens, during the times designated by the director and at city parks.
- (b) Winter recreational activities, including skating, sledding, ice fishing, and skiing, are not permitted in or on the water or ice of Gray's Lake.
