2020
Metro Waste Authority Overview
One entity to manage all waste for the region through:

- Service to the Community
- Environmental Protection
- Education

Providing answers for safe and smart waste disposal and recycling
Material Recovery Facility
Why a MWA Recycling Facility?

- International, wavering markets
  - Higher expectations for “clean material”
  - Require an investment in
    - Technology
    - Education
    - Relationships
- Frequent negotiations and price increases mid-contract.
- Fear surrounding the existing processors’ long-term future
The resolution was prepared for the Board of the Metro Waste Authority to borrow money in three respects:

1. Granting to the Board the authority to borrow not to exceed $24,500,000 for the purpose of funding a material recovery facility, and

2. Granting to the Board the authority for refunding now, or in the future, the outstanding approximate $8,000,000 Taxable Note (Grimes Solid Waste Transfer Station Project), Series 2014, and

3. Granting to the Board the authority to issue additional indebtedness not to exceed an aggregate principal amount outstanding at any time of $50,000,000.
Metro Waste Authority provides answers for **safe** and **smart** disposal and recycling.
