REQUEST FOR PROPOSALS

PROFESSIONAL SERVICES FOR
2020-2021 ON-CALL CONSTRUCTION INSPECTION SERVICES

Activity ID 14-2020-014

1. Purpose: The City of Des Moines, Iowa, (City) is hereby soliciting consultant proposals for professional services to perform construction inspection services for various city-bid projects and private construction contracts which require City Inspection. This request invites qualified Consultants to submit proposals for accomplishments of the items of work described below under Scope of Services. Proposals shall be prepared and submitted in accordance with the requirements described in this Request for Proposals (RFP). Once the Consultant is selected, a contract will be negotiated based on a mutually agreed upon scope of services.

2. Project Description: The City is interested in selecting a number of consulting firms to provide on-call City-wide construction inspection services, as needed. In general, the City will work with the selected firms on a project-by-project basis to determine the types of services required on a specific project and the project-specific expertise of the Consultant's available staff. The City intends to make selection for each individual project based upon the Consultant's available staff expertise at the time services are needed. The consultants are expected to be able to provide on-call construction inspection services as required. The construction inspection services to be performed by the consulting firms may include, but are not limited to the following types of construction projects: sub-base and subgrade construction, paving (HMA and PCC), storm and sanitary sewer.

On-call professional services selection will be effective for a period through December 31, 2021.

There is no specific allocated dollar amount dedicated or assigned to anticipated tasks or projects to be accomplished. The City does not guarantee a set amount of work or agreement value for potential services.

Once the firms are selected, individual professional services agreements will be negotiated for individual projects, as projects are identified. Specific construction inspection tasks for identified projects pertaining to this RFP will subsequently be defined by an individual scope of work and fee estimate prepared for each specific task/project. The cost estimate for each specific task/project shall be based on an hourly not-to-exceed fee amount.

February 2017
21. Proposals Not Confidential: Consultant Requests for Confidentiality Under Iowa Open Records Law, Chapter 22 of Iowa Code; Disclosure of Proposal Content: Under Chapter 22 of the Iowa Code, “Examination of Public Records”, all records of a governmental body are presumed to be public records, open to inspection by members of the public. Section 22.7 of the Iowa Code sets forth a number of exceptions to that general rule, establishing several categories of “confidential records”. Under this provision, confidential records are to be kept confidential, “unless otherwise ordered by a court, by the lawful custodian of the records, or by another person duly authorized to release such information”. Among the public records which are considered confidential under this Iowa Code provision, are the following:

3. Trade secrets which are recognized and protected as such by law.
6. Reports to governmental agencies which, if released, would give advantage to competitors and serve no public purpose.

Under Chapter 22 of the Iowa Code, the City, as custodian of the proposal submitted in response to a Request for Proposals, may, but is not required, to keep portions of such proposals confidential under exceptions 3. and 6. (noted above). If a responding individual or company in good-faith reasonably determines that a portion or portions of its proposal constitute a trade secret, or should otherwise be kept confidential to avoid giving advantage to competitors, a confidentiality request may be submitted with the proposal identifying which portion or portions of the proposal or bid should be kept confidential and why. The burden will be on each individual Consultant to make such confidentiality request and to justify application of a confidentiality exception to its proposal. The City will not under any circumstance consider the entire proposal to be a confidential record.

If a request is thereafter made by a member of the public to examine a proposal including the portion or portions thereof for which a confidentiality request has been made, the City will so notify the Consultant and will keep confidential that portion of the proposal covered by the confidentiality request, pending action by the Consultant requesting confidentiality to defend its request. In that notification, the Consultant requesting confidentiality will be given not more than 5 calendar days within which to file suit in Polk County District Court seeking the entry of a declaratory order and/or injunction to protect and keep confidential such portion of its proposal. Absent such action by a Consultant requesting confidentiality, and absent the entry of a court order declaring such portion or portions of the proposal confidential, the entire proposal will be released for public examination. Consultant shall be responsible for all costs relating to a declaratory judgment or injunctive action, including the payment of any damages assessed and attorney fees and litigation expenses awarded.

If the process for selecting the best proposal includes two or more evaluation stages, in which proposals are evaluated at each stage and the field of competing proposals is reduced, all proposals submitted shall be kept confidential, pursuant to Section 22.7 of the Iowa Code, subsection 6 cited above, until completion of the final stage of the evaluation process in order to avoid giving advantage to competing Consultants. Upon completion of the final stage in the evaluation process, all competing proposals shall be subject to disclosure; if not otherwise determined confidential as above provided.

22. Contract Compliance and Non-Discrimination: All Consultants that submit proposals in response to this RFP agree to comply with the requirements of the City of Des Moines Contract Compliance Program, which is available from the City Engineer upon request or may be viewed at the following website: http://www.dmgov.org/Departments/Engineering/PDF/Contract%20Compliance%20Program(December%202012).pdf, and has been viewed by the Consultant. In addition, Consultant acknowledges and agrees:
   b. Not to discriminate against any employees or applicants for employment on the basis of age, race, religion, creed, color, sex, sexual orientation, gender identity, national origin, disability, familial status, or ancestry.
   c. To include this provision in all agreements associated with this procurement.
23. **Iowa Law and Venue:** The resulting contract shall be interpreted in accordance with the laws of the State of Iowa, and any action relating to the contract shall only be commenced in the Polk County, Iowa, District Court or the United State District Court for the Southern District of Iowa. If any provision of this contract is held to be invalid or unenforceable, the remainder shall be valid and enforceable.

24. **Compliance with All Applicable Laws:** All services shall be provided in compliance with all applicable federal, state, and local laws and regulations. The Consultant expressly warrants and guarantees that the services provided do not violate the rights of third parties, including without limitation, copyright, trademark, patent or other intellectual property rights or interests.
